

# MOLYSULF®

HIGH PERFORMANCE  
SPECIALIZED LUBRICANTS & MRO SOLUTIONS

## PLYWOOD MANUFACTURING

## EFFECTIVE LUBRICATION SOLUTIONS FOR PLYWOOD MANUFACTURING CONTINUOUS PRESSES

Where applications demand high performance under critical operating conditions of heavy loads, high temperatures, varying speeds and adverse operating environments, dependable and consistent solutions are required.

ASV products are designed to meet such demanding challenges to ensure smooth operations and production processes besides extending equipment wear life and also enhance productivity and profitability by reducing operational costs and breakdowns.
